

An Icon in Las Vegas

The Fountain Hotel, Las Vegas, USA

11/22/2018

There may not be a reason to leave this hotel while in Las Vegas. The property contains enough visual treats and activities that, in a short stay, may be more than adequate for the guests. The standards for the hotel are high and meet the level of the finer hotels in Asia. The rooms and baths are large and well-decorated. If the price is reasonable, then this hotel should be highly considered for a hotel in Las Vegas.
