

Very Good

The Park Hotel, New York, USA

Found the staff very helpful with our situations of early check in, storage , cleaning and help with the in room safe. Super service. Very pleasant. Room was clean, beds comfortable, clean, nice linen, and very nice room. Very busy hotel but quiet and very well organized staff. Lots of staff to ask questions of. Elavator was great with the touch screen. I missed in room coffee but lots of shops nearby, can think of 3 offhand that sold coffee and econnomical meals and snacks. And the Deli almost next door. Great for people new to this city . Very happy with my choice of this hotel.
